

## Where will my contribution go?

In the United States, asthma is considered a treatable chronic disease. In other countries it is a fatal condition, and will kill over 200,000 people this year worldwide. WLF is proud that their team will be providing hundreds of life-saving inhalers for asthmatic children at a WLF-supported programs in Kenya and other low-income countries.

WLF is a registered 501(c)(3) charity and all contributions are tax deductible.

## World Lung Foundation

World Lung Foundation was established in response to the global epidemic of lung disease, which kills 10 million people each year. More specifically, the organization's mission is to improve international lung health by building local capacity to conduct research, develop public policy, and deliver public health education.

To this end, WLF develops projects and raises funds in support of organizations and agencies that are working to improve global lung health, especially in low and middle-income countries. WLF supports a diverse range of projects including:

- Research
- Public Health Policy
- Capacity Building
- Public Health Education
